

# Rugged (powered) BIN LIFTER

Galvanised finish also available.

## Typical applications

Suitable for construction sites, hotels, apartments, high-rise basements, caravan parks and other large outdoor areas

## Features

<b>Lifting</b>	
Capacity:	• 150 kg
Mechanism:	• Full-swing
<b>Recommended use</b>	
Per day:	50 lifts
<b>Bin compatibility</b>	
Wheelie:	• 120, 140* and 240 litre.
Skip:	• 1500 and 1800 mm
	<b>Please note: Not compatible with 660/1100L plastic skip bins due to insufficient weight for holding bin lifter in place when emptying 240L wheelie bins.</b>
<b>Operation</b>	
Method:	• Push-button hydraulic system
Mode:	• Full-swing
Time:	• 35 seconds
<b>Dimensions (L/W/H)</b>	BLEH1500: 850/850/1700 mm BLEH1800: 850/850/1960 mm
<b>Battery</b>	• 12V rechargeable battery and smart charger. • 10A main outlet
<b>Highest tip point</b>	BLEH1500/1500LL: 3278 mm BLEH1800: 3752 mm
<b>Swept radius</b>	BLEH1500/1500LL: 1629 mm BLEH1800: 1909 mm
<b>Fits through internal doorways</b>	Yes

Designed with manoeuvrability in mind, its small footprint and light weight—combined with the 240V electro-hydraulic operation—make it the perfect solution for emptying heavy wheelie bins into steel skip bins on building and industrial sites.

The All Terrain model with its pneumatic wheels (pictured below) or the galvanised models are perfect for outdoor use.

Made in Australia.

\* Note: When using a 140 litre wheelie bin, you must change the position of the bin catch.

The Rugged Powered All Terrain model, with pneumatic wheels.

Note: The All Terrain is 140-150 mm higher than BLEH1500.

## Safety features

- Braking castors for stability.
